

Recognition of Student Success

School District No. 67 (Okanagan Skaha) extends congratulations to the following students | groups for these outstanding examples of success

MAY 2019

Naramata Elementary School

The May Day traditions continue at Naramata, and our little school plays a large role in ensuring the special activities of this holiday continue. Naramata Elementary staff begins working on the various performances right after Spring Break, and volunteer their time to lead and facilitate the ceremonies and dances that take place on Victoria Day in May.

With only two girls in Grade 5 at Naramata this year, best friends Graycie and Minton did not want to compete against each other for the title of May Queen and instead chose to co-host the May Day festivities. Graycie and Minton delivered an exceptional speech together full of humour along with a message of unity and caring for the community. Pictures of this wonderful day follow.

Success Stories for the Board Of Education Meeting
