

# Recognition of Student Success

## October 2018

In place of our traditional open house, **Naramata Elementary** hosted a 'Harvest Hoe-down' – complete with children leading lessons in square dancing, line dancing and an old-fashioned bird dance! Students also enjoyed creating life-size scarecrows in collaborative groups, which were auctioned off at the end of the evening (funds raised will be put towards our outdoor learning space).

Naramata students had fun picking apples at a neighbourhood orchard. The Berry family invited ALL of our students to come and pick produce. The grade four and fives were excited to be able to pick over 1,000 apples, to be given out at the Grade 5 Leadership Conference and the Naramata Run. It feels (and tastes) good to take part in service learning!
