

# Early Learning

Post-Baccalaureate Certificate / Diploma

## Summer Programming 2010

**This program responds to the British Columbia Ministry of Education Full-Day Kindergarten initiative.**

Early childhood is a critically important period for establishing strong foundations for life long learning and wellbeing. The Early Learning Certificate/ Diploma provides educational professionals with the philosophy, understanding and skills to create optimal learning environments, assess children appropriately, and design learning experiences to support children's development.

The program will appeal to those who are new to teaching kindergarten, pre-kindergarten and primary grades. It will also be of interest to experienced teachers who wish to expand their theoretical understandings in order to enhance learning opportunities for young children.
