

## MAY 31 UPDATE

We are edging our way toward our target and excited about the support we have received and will hopefully continue to receive.

GHS has applied for a BCAA Play Here grant which will be announced June 3. If we are fortunate to be one of the entries selected it will place us in an excellent starting position. You will be the first to know!

Providing opportunities for children to learn and be outdoors is beneficial to health, social interactions and engagement. Outdoor learning provides experiences which promote discovery, play, exploration, environmental stewardship and indigenous ways of learning and knowing.

Our overall goal is to provide a safe and exciting experiential learning space; an outdoor 'classroom.' This active and engaging opportunity will be available to all students at Giant's Head Elementary, their families and community members.

What **you** can do to support and help us meet **our target**:

- Donate funds (donations over \$50 are eligible to receive a tax receipt)
- Become a sponsor with a donation of \$500 or more (sponsor will be recognized on a permanent plaque and via media)
- Attend PAC meetings to have your input
- Spread the word about this opportunity (perhaps challenge other businesses to become sponsors)

If you are interested in learning more or willing to financially support the Learning Landscape, please contact Craig Dunbar, Giant's Head principal, at 250 770-7671 or by email [cdunbar@summer.com](mailto:cdunbar@summer.com)
